

Florence Automatic Oil Stove

Like Burning Gas.

The Florence Automatic Oil Stove is the nearest thing to burning natural gas in the flame, in economy, and in safety.

SUMMER COOK STOVES

Are a matter of economy as well as luxury and comfort and every Arizona housewife should have a Florence Automatic Oil Cook Stove. When you call to buy our Schram Automatic Sealing Fruit Jars ask to see the Florence Automatic Oil Stove. You will need one to keep that kitchen cool while putting up fruit.

Of Local Interest

DICK HALL IN TOWN—D. W. Hall dropped in from Salome last evening, registering at the Ford.

GO TO NEW JERSEY—Capt. G. B. Norton and wife will soon leave for New Jersey to visit their daughter until the latter part of October.

ON NOBLE BUILDING—Thomas Foulkes of the Foulkes-Gaylord Electrical company of Los Angeles is here on business relating to the wiring of the Noble block.

BOSTON MIXER SICK—The Boston Mixer, dispensing at Elvey & Hulett's has been sick the past few days, but hopes to be able to go to work again day after tomorrow.

GONE FOR THE SUMMER—H. P. DeMund has left for the coast with his family and will not return until fall, when he expects to build one of the swellest residences in this locality.

TO WORK OUT TEAM—The boys in Company A of the A. N. G. will exchange gloves this afternoon to pick out the best material to meet the baseball boys from Company B on July 5.

COOK CUTS HAND—One of the cooks at Gann Bros. cafe severely lacerated his hand yesterday morning while sawing meat. He will be able to go back to work in a day or so.

WATER AND CANALS—Water will be in the Arizona and Maricopa canals today as yesterday, the Salt and Appropriators being dry. The water in the river is gradually diminishing, the measurement at the Roosevelt dam being 110 even which indicates a flow of about three feet over the dam.

WHEN BIDS WILL BE OPENED—In the advertisement of the board of supervisors calling for plans for the Center street bridge a quite essential matter was inadvertently omitted. That was the fixing of a date for the opening of proposals. That was arranged yesterday by naming July 7 as the date.

BACK FROM ROOSEVELT—Dr. Redewill, his mother and sister and Kirk Moore, superintendent of public instruction, returned yesterday noon from an automobile trip to Roosevelt on which they left Phoenix Sunday noon. They report a delightful but uneventful trip, except that they were constantly delighted with the new scenes breaking upon them at every turn of the road, and the immensity and magnificence of the big dam and its correlative works.

DEATH OF N. G. HARER—N. G. Harer died at the home of his daughter, Mrs. D. J. Peter, 312 North First street, yesterday afternoon, after having been a sufferer from a cancer for over three years. Mr. Harer was a man of sterling character, an earnest Christian, respected and loved by every one who came in contact with him. He was one of the old pioneers of the Salt river valley, having come to this country in the early eighties. He leaves a family of four children—Albert Harer of Liberty, Mrs. George Webb of Tucson and Mrs. D. J. Peter of this city.

son and Mrs. D. J. Peter of this city. His good wife preceded him to the great beyond several years ago. Mr. Harer was 68 years old. The funeral will be held this afternoon at 3:30, at the home on North First street.

GOING TO OCEAN PARK—Mrs. Minnie K. Slinkard and family leave tonight for Ocean Park, Cal., to spend the summer.

OFF FOR HOLLYWOOD—E. A. Marshall expects to leave today for Hollywood, Cal., and will remain indefinitely at Hotel Hollywood.

IRON SPRINGERS—Mrs. Walter Talbot and grandson, Donald Martin, will leave for Iron Springs Thursday morning. F. S. Hildreth leaves for there this morning.

THE FINISHING TOUCHES—T. J. Whitney will leave Thursday evening for Los Angeles. His mission is to see that the last touch of art is placed on the big Arizona Elks' float to be displayed during the parade next month.

ELKS TO PLAY TUCSON—The Phoenix Elks will go to Tucson to array themselves against the Elks at that place in baseball next Sunday. Captain Fishon, though not making loud boasts, states that the things that will be done to the Tucson Elks will be numerous and startling.

DEATH OF A BROTHER—Mrs. Emil Ganz, who left with her husband for the Grand Canyon a few days ago, was called home suddenly by a telegram announcing the sudden death of a brother in Los Angeles, a newspaper man connected with the Daily Express. She left here at once to attend the funeral.

MANY TO TAKE SUNDAY TRIP—A number of inquiries have been made during the past two days concerning the tickets for the Saturday afternoon train to Iron Springs and Prescott. The fare on this train is \$5 for the round trip with a thirty-day limit—unless the holder has one of the commutation tickets which give five round trips to Iron Springs for \$20 or the same number of trips to Prescott for \$25. A large number of Phoenix people took the trip to the Springs last week and all are well pleased with the new service. The new train is bound to prove popular with the business men of this city.

The Elks' Special

Have you had an opportunity of looking over the new line of "classy" dress Oxfords for men? Just the thing for the Elks' Carnival at Los Angeles. New shapes, and every shape a fit. Oxfords of quality.

ELKS' MARCHED—About seventy-five Elks answered the roll call last night for the marching club. They are doing exceptionally fine work, tackling a class of military tactics, that is seldom attempted by even veterans. Captain Mintz is going to take a company to Los Angeles that will certainly make things "doing."

GOES TO OHIO—The state commander of the Maccabees, Mrs. Waldron, who was so royally entertained at Eastlake park the other afternoon, has left for the northern part of Arizona, and will leave from there in a few days for an all summer visit in Ohio. On her way north she stopped at Vicksburg, where she established a Maccabees tent.

HERE FROM CHICAGO—D. M. Hillis of Chicago has been in the city the last few days looking at the opportunities for investment, as well as tending to other commercial matters. He is very favorably impressed with Phoenix, surrounding country, climate and opportunities, and though has not as yet made any definite move, will in all probability do so later.

MORE MONSTER BEETS—Greene and Griffin are exhibiting a number of sugar beet from off Section "20" south of Glendale, that weigh from 8 to 9 pounds. They average 16 per cent sugar and run from 25 tons to the acre. Mr. Griffin states that the specimens, though a bit larger than some of the beets in the big patch, will give a good idea of the class of beets that are being taken off from Section "20."

ELKS' BALL LEAGUE—The Elks of the territory are going to organize a league. Though plans have not sufficiently materialized, the league will probably be in a position to don gloves in the early fall. It is the intention of those interested now to pull off a series of games during fair week. Douglas, Tucson, Bisbee, Prescott, Globe, and Phoenix, are slated for the league at present, though in all probability,

others will come in later on as things come to a head.

ARLINGTON VISITORS—C. W. Peterson and C. G. Deming of Arlington were Phoenix visitors yesterday, coming partly on business and partly to help boom the Buckeye railroad. They say they need it no less now than they did a month or two ago when the work for the bonus began. In fact they have got to have it and somebody must come in with a little more money to help grease the way. The soliciting committees are making a little progress every day and adding a little to the bonus fund but it is not coming as fast as they would like to see it, while the time is getting rapidly and constantly shorter.

NEW SPECIAL RATES—The summer colonies of Phoenix people in the northern part of the territory are rapidly increasing in population. Already a considerable number are established in both Prescott and Flagstaff. In order to accommodate those who are compelled to make return trips to this city on occasions, the Santa Fe will run an excursion to Prescott every Saturday, the round trip rates for which will be \$7 and the limit thirty days. An excursion will be run to Flagstaff every Friday the round trip rate for which will be \$12 and the limit October 31.

SUITS FOR DIVORCE—Suit for divorce was filed in district court yesterday by Mae Nelson against O. N. Nelson. The defendant is a physician, a non-resident, but he formerly lived in this city. He is now supposed to be in San Diego. Suit is brought on statutory grounds and Mrs. Croyd of San Diego is named as co-respondent. The parties were married in Sacramento in 1899 and lived in various cities in the west, finally removing to San Diego, where the plaintiff lived until the act complained of took place and then she came to Phoenix. That was in December of 1907. Suit was also filed by Jesse Bruce Humphreys against Stella Humphreys on the ground of abandonment.

THE VELARDE-ROBERTS TRIAL—Yesterday morning was the time set

for the trial of F. Velarde and Joe Roberts for stealing grain from Isom Phyl and Frank H. Parker, but at the last moment Velarde announced that he wanted some witnesses and a continuance was taken until today. In previous accounts of this case the names of various merchants have been mentioned as the purchasers of the stolen grain. While it is not assumed that the purchaser had any knowledge of the fact that the grain had been stolen, in the interest of absolute accuracy, and that there may be no misunderstanding, it is stated that the only person known to have purchased grain from Velarde and Roberts is Trinidad Arviso.

RUMORS OF A WRECK—A report reached Phoenix yesterday afternoon that a serious railroad wreck had occurred on the Southern Pacific this side of El Paso, a collision between a west bound passenger train and a freight, and that several had been killed. A telephone message from Tucson last night said that there had been no collision but that passenger train No. 39 had been detained in Texas by a freight smash-up and would reach Tucson at 9:45 this morning.
